Présentation

This spacious and luminous architect-designed villa was built in 1985 by a local architect who drew inspiration from the Bauhaus movement.

This architect-designed villa is indeed a remarkable property. Its spaciousness and abundance of natural light create a welcoming and comfortable atmosphere. The unique octagonal shape, large windows, and terraces not only provide stunning views but also add a touch of architectural elegance. The zenithal skylight is a special feature that brings in even more natural light, creating a bright and airy ambiance. The direct access to the lake and private beach is a fantastic perk for those who enjoy water activities and relaxation by the shore. The surrounding lush garden adds to the overall beauty and tranquility of the property. It's truly a gem for anyone looking for an exceptional living environment that combines modern design, natural beauty, and a peaceful setting.
